C/A No. 6:10–3246-TMC  
  
**OPINION & ORDER**

In this motion, Mills contends he also should be dismissed from the case with prejudice as the Release included American Services' employees and agents. Reviewing

the record, and without any opposition, the court agrees and finds that dismissal of Mills is appropriate. Based on the foregoing, the court dismisses with prejudice the claims against Defendant C.B. Mills.

**IT IS SO ORDERED.**
